### This is a demo School

Langdale View College provides a number of learning opportunities to students to assist them with their career development. When it comes to our curriculum, academic subjects sit alongside our Pathways programme which includes a business school, building and construction school and a catering and hospitality school. For us, it's about providing a range of **opportunities** for our students to gain experience, learn and develop.

We're a multi-cultural and diverse community and everyone is respected and accepted for who they are. This is reflected through our on-site Tea room "Te Tea" (The Journey.) Situated at the entrance to our grounds, it is at the heart of our school community, and our doors are open to everyone.

At Langdale View College we provide a planned approach to your child's education giving them the skills, knowledge and confidence to prepare for their adult life and career – **in whatever pathway is right for them!**
